We are on a country lane, and advise slow and careful driving.

### **CAR PARK AND ARRIVAL**

The building is accessed from the road, or the adjacent Car Park, by a ramp down to the front/ Main Entrance. There is a grab rail down the left hand side of the ramp. There is then flat walking area of patio on the pub garden, which has a flat area of lawn, surrounded by flower beds.

Customers that require it are invited to drive their car down the ramp to the front door, unload their passengers, and return the car to the car park.

### **Entry by the roadside Poolroom Door**

On the roadside next to the Kitchen delivery door is the Poolroom Door. This has a higher step, and although it has good car access for dropping and collecting passengers, the step of 4 inches is higher than that of the Front door.

### **TOILETS**

The Gents toilet has a separate Cubical with width to accommodate a wheelchair, with grab rails, and low level Wash hand basin.

Ladies toilets have 2 regular sized cubical, one with a 4in Toilet seat, and 2 grab rails. Two wash hand basins on a vanity unit which has space for baby changing.

We provide hand soap, hand towels and hand driers.

The whole area is flat and the walking is easy, the lawn is kept mown, and has garden table and chairs for outside eating.

The tiled Patio Area has further tables and chairs.

All outside areas are Wheelchair accessible.

We are proud to offer homemade locally sourced food, and sell local Beers, Ciders and Wines. We grow as much of the produce as we can in our own garden and often receive produce from local gardens. A list of our regular suppliers is available in the bar and on our website.
